27 May 2022

Dear resident or business owner

Road closure notification: Victoria Arch and Guildford Road, starting 6 June 2022 for three weeks

We are writing to inform you that exploratory ground surveys underneath the Victoria Arch railway bridge and at locations on the south side of the bridge (incorporating Guildford Road, Victoria Road and Station Approach) will **commence on Monday 6 June 2022 for three weeks**.

To complete the works in line with health and safety standards, it is necessary to **close this section of Victoria Way to vehicles in both directions for the duration of the works**.

The works will be undertaken by Skanska, on behalf of Woking Borough Council, Surrey County Council and Network Rail, for the Victoria Arch widening scheme. The works will include: identifying buried objects such as underground pipes and cables and determining their condition, construction and direction; exploring the ground's profile; and undertaking drainage surveys.

Temporary access arrangements will be as follows:

- On the north and south side of the arch, access for pedestrians and cyclists underneath Victoria Arch will be maintained at all times.
- Vehicular access on the south side of the arch will be maintained for people accessing Woking Train Station and local residents and businesses, including traffic using the aggregates yard access road.

On-site works will be permitted Monday to Friday from 7am to 7pm, and Saturdays from 7am to 1pm. To help minimise disruption, noisier works will be shielded by specialist acoustic barriers and confined between 8am and 6pm from Monday to Friday, and 8am to 1pm on Saturdays.

Signed highway diversions will be displayed on both sides of the town centre to direct traffic around the works. The diversions can be viewed online at www.woking.gov.uk/vicarchworks

To report any issues relating to the works, please **phone Skanska** on 07812 237 716 between 7am to 6pm, and 07944 159 365 out of hours between 6pm and 7am.

In advance, we apologise for any inconvenience these works may cause and we thank you for your patience. For more information, visit www.woking.gov.uk/vicarch

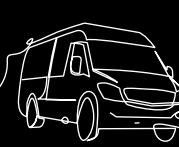

Yours sincerely, Victoria Arch widening scheme project team
